

Diffusore di grande dimensione (diametro 40 centimetri) che per le sue proporzioni e per le sue capacità di diffondere la luce, può raggiungere prestazioni molto interessanti e articolate.

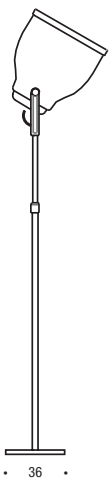

Materiali: alluminio anodizzato con diffusori in alluminio naturale, blu, giallo, rosso, arancio, nero opaco, bianco.  
Calotta superiore in termopolimero opalino. Parabola interna in alluminio brillantato.

Round shapes, velvety finitures: for this shade with a technical soul and a decorative heart that permit to have great versatility. For its own ability to diffuse light, it could reach very interesting and articulate performances.

Materials: anodized aluminium with shades in natural aluminium, coloured blue, yellow, red, orange, black and white.  
Upper shade in opaline technopolimer. Interior parabola in shining aluminium.
